Our Ref /NWPS/Electricity

29/09/2008

Dear Sirs,

RE:

We have been instructed by the proposed purchaser of the above property shown edged on the enclosed plan.

We should be grateful if you would:

1. Provide details of any existing or proposed overhead, surface, or underground equipment in your ownership or control affecting this property.
2. Forward copies of any wayleaves or agreements affecting the property and supply details of payments made under those wayleaves or agreements.
3. Advise us if there is an electricity supply for the property, its location and capacity and confirm that this has been satisfactory. If the property is not connected please advise us where the nearest available mains connection is and your requirements in relation to the provision of future supply.
4. Provide details of any proposals for new equipment, alterations to existing equipment or new wayleave agreements which might affect the property or any proposed new development of it.
5. Advise whether there has been or is proposed any exercises of powers pursuant to the Electricity Act 1989 or similar legislation which might affect the property.
6. Provide full details of any other matters in respect of the property shown by your records and details of any equipment owned by other power companies that you may be aware of.

If you have any queries regarding this request please do not hesitate to contact the Property Solutions team on 0870 241 7408.

Please could you return the results to the address in the right hand corner.

Yours sincerely

NORTHUMBRIAN WATER PROPERTY SOLUTIONS
